The FACE of
ARTFUL DESIGN
AND DISTINCTIVE
ARCHITECTURE

STEVEN KLEINEMAN

Owner/Principal, AIA, NCARB, CID,
 SKD Architects, Inc.

Co-founded by Steve Kleineman in 1977, SKD has been creating distinctive and artful residential and commercial buildings for over 40 years—blending art and function and reinterpreting architectural styles to create designs that reflect the individuality of each client. Their thoughtful designs, layered with artful and sculptural detail, embrace the unique characteristics of each site, and the results speak volumes but never shout.

Steve and his team begin each architect-client journey by gaining a thorough understanding of their client's needs and goals, and as they guide each client through the design and construction phases, they become their client's most trusted partner and adviser. Year after year SKD exceeds expectations, which is why clients often choose to work with them again.

SKD offers the highest caliber of expertise, drawing on broad experience and comprehensive understanding of architecture, construction, and design to create homes and commercial spaces that are both functional and artful—environments that enhance the well-being of their clients and that will feel relevant for generations to come.
